COULD NOT COME HERE TODAY

Mr. Dalley Telephoned Last Night That He Might Not Come Until Tuesday or Wednesday—Mr. Morris, of the Youngstown Plant, Failed to Arrive.

The committee, appointed by the board of trade to show the representatives of the Pittsburg and Youngstown companies what inducements we have to offer prospective investors, are learning that the best laid plans occasionally fail to mature.

It was arranged that Mr. Dalley, representing the Pittsburg glass company, should come here today to be shown the land offered by East End, Chester and the syndicate. All arrangements were completed when J. R. Warner was notified by Mr. Dalley that he could not be here. The gentleman telephoned that it would be impossible for him to come today or on Monday, but he might be here on Tuesday or Wednesday. He also stated that the company were anxious to come to East Liverpool. They would rather locate here than in any of the towns to the present time considered.

He wanted to know particularly about the gas, and intimated an insufficient supply of that would be the only thing to prevent the location of the plant here. The gentleman seemed to think that East Liverpool would be a very good place to locate their plant.

Mr. Morris, treasurer of the Youngstown Tin company, was expected on the morning train, he having notified G. Y. Travis that he would be here. Arrangements were made to take him to Walker and show him the ground of the syndicate on the West Virginia side. He would then be transferred to East End and Chester where the attractions of those places would be presented. The committee were at the station when the train arrived but Mr. Morris did not appear. Thinking he had missed connections and would be in on the next train they appeared an hour later, but again they were disappointed. The gentlemen decided they would wait for further information before making other arrangements.

Secretary Travis makes no attempt to explain why Mr. Morris did not arrive here. He had a letter this morning from T. H. Jeremiah, secretary of the company, stating that the gentleman would be here, and any courtesy shown him would be appreciated.

THE PITTSBURG VIEW.

What is Said of That Proposed Glass Plant.

The Pittsburg News last evening had the following:

"C. A. Dally was seen by a Daily News reporter at his Pittsburg office this morning, and said that the proposed scheme is a go, but where the plant will be located he could not tell. He said he first became interested in it when the Wheeling Gas company took up some gas prospecting. The gas, however, does not cut so much of a figure, though at Moundsville there is plenty of it. Mr. Dally said he understood that a couple of the East Liverpool potters had abandoned the use of the gas. He said also that East Liverpool was hustling for the plant, and that the facilities wanted were well presented at that city. The number of potteries there, he said, too, was rather encouraging for glass working, as the two trades naturally go well together. He said that he had no notification of the cities named desiring to have a conference soon on the matter, though one would probably be had."

ARRESTS IN IRONDALE.

Warrants Will Be Issued For Those Who Stole Whisky.

IRONDALE, Jan. 23.—[Special]—The people who helped themselves to what they could find when the fire was in progress, the other day, will be arrested if the goods are not returned, or their value in money placed in the hands of the owners. A number of persons were seen taking goods, but the authorities were so busy fighting the fire that they decided to let the matter rest for a day or two. If settlement is not made by the first of next week warrants will be issued.

PARLIAMENTARY CLASS.

Mrs. Lillian Cole Bethel May Return to East Liverpool.

Mrs. Lillian Cole Bethel, accompanied by her secretary, Miss Clara Stephens, left for Syracuse, N. Y., this morning, where they will take charge of a large class of persons interested in parliament-

tary law and usages. The class closed its work in this city last night, in so far as Mrs. Bethel is concerned for the present. A permanent class was then formed, which will meet every Thursday evening, meetings to be held, until further arrangements are made, in the parlor of Auditorium hall. A vote of thanks was tendered the Young Men's Christian association and President Alvin H. Bulger for kindly giving temporary quarters to the local class.

Mrs. Bethel is a wonderfully bright and talented teacher in her specialties, and she has won the confidence and esteem of all with whom she has come in contact in this city, while her clever secretary has made friends on all sides. Mrs. Riley McKinnon moved the following resolution last night, seconded by Mrs. J. C. Allison:

Resolved, That the class of ladies and gentlemen presided over and instructed by Mrs. Lillian Cole Bethel, in parliamentary law and usages, hereby express their high appreciation of the services of their teacher, and extend an earnest invitation to Mrs. Bethel to again visit East Liverpool, in the near future.

This resolution was adopted by a unanimous vote. Mrs. Bethel is assured of a large class when she again comes to our city, as every member of the present class will work energetically in her behalf.

BUSINESS MAN SPEAKS OUT.

He Is One of the Signers to the Petition to Council.

EDITOR NEWS REVIEW:—I was much pleased with the article in the NEWS REVIEW of yesterday respecting the extension of the Chester street railway to the Diamond or westward thereof. I signed the petition asking council to grant a twenty-five year franchise to the said street railway company. One of the promises made to me by the bearer of that petition, and the one which influenced me more than all others, was the promise that the company would, in the course of a year or two, extend the line to the Diamond or beyond. This extension, in my opinion, would be of great value to East Liverpool, her business men and merchants, and citizens in general. Promises, I know, are often made and often broken, and I believe that you are advocating the right measure when you urge council to have the clause inserted in the ordinance requiring the extension to be made within two years from date, or the franchise will be null and void; but I would limit the time to one year, two years being too long a time, in my estimation. I was engaged in conversation with another signer to the petition carried round by one of the officials of the street railway company. This signer is interested in land on the other side of the river, in West Virginia, and he very plainly said that, in his opinion, the line from the Ohio end of the bridge to the depot did not amount to much to East Liverpool, while the extension to the Diamond is the very thing which should control.

PETITION SIGNER.

AGAINST CUBA.

The High School So Decided After Hearing a Debate.

The literary society of the high school yesterday afternoon debated the question "Should the independence of Cuba be recognized by the United States." The affirmative was taken by Miss Eva Rigby and Miss Bessie Burner while William Knowles represented the negative. At the close of the debate the school decided in favor of the negative. Several of the school children say they are in favor of Cuba, and their decision was only in regard to the arguments.

WHIPPED HER CHILD.

Seventh Street Has a Case for the Humane Society.

Residents of lower Seventh are complaining of the inhuman whipping a mother gave her child in that neighborhood yesterday morning. It is claimed the child was put to bed, and then whipped until it was not able to stand. The story caused great indignation when it became known, and it is probable the matter will be reported to the Humane society. The whipping was administered for some trivial offense.

A USELESS EXPENSE.

The Plumbing Examiners Think Inspection a Trimming.

The board of plumbing examiners have not yet held a meeting in conformity with the state law, and it is probable they will not do so for some time, as the majority of the board think it is a useless expense to pay an inspector of plumbing.

THERE IS OBJECTION

To the Resolution Endorsing Mr. Hanna.

NO VACANCY IN THE SENATE

Some Members of the McKinley Club Think the Action of that Body Was Premature—The Endorsement Was Not Anticipated So Soon.

Some members of the McKinley club do not believe that organization did right in passing a resolution endorsing M. A. Hanna for the senate, basing their objection on the ground that there is no vacancy and it was not known that such action would be taken.

They claim precedent for the first part of the objection, saying that it is unseemly to endorse any man for any position until after the present incumbent has resigned or his term of office expires. They claim there is no vacancy, and therefore there should be no endorsement. The other part rests upon the manner in which the resolution was passed. There was not a majority of the club present, they say, and no notice was given out before the meeting that it would be presented. In a matter so important they believe due notice should be given, in order that the voice of the club as a whole and not of a few members should be heard. Whether the objection will develop into something more serious is not known, but the friends of Mr. Hanna say the resolution was regularly passed, and will stand.

DAUGHTERS OF LIBERTY

Install Officers and Arrange For a Meeting.

The Daughters of Liberty met in special session last evening and installed the following officers: Councillor, Cora Hanley; associate councillor, Emma Knowles; vice councillor, Mattie McMillin; associate vice, Frances Pickal; recording secretary, Florence Sellers; assistant recording secretary, Byron Rigby; financial secretary, Mary Kerr; treasurer, Mary Rigby; guide, Leona McMillin; inside guard, Charles Hayes; outside guard, Frank Anderson; trustee, Emma Knowles. After the business of the evening arrangements were made for paying the East End council a visit in the near future.

MOTORMEN OBJECT.

They Complain of Horses Hitched Too Close to the Track.

Motormen on the street cars complain that numerous people have a habit of hitching their horses near the street car line and then leaving them. In many cases the animals scare at the cars, and the motorman is compelled to get some one to hold them to prevent a run away. Yesterday afternoon a team in Jethro broke the hitching strap, and backed the wagon across the track. Only quick work in reversing the car saved a smashup. At Sixth street a similar accident occurred but a few minutes later.

BROKE HER WRIST.

Miss Helen McKinley Was Injured In Canton.

The following special from Canton will be read with regret by parties in this city: "Miss Helen McKinley, the president-elect's sister, slipped and fell on the ice on the sidewalk near the McKinley home in West Tuscarawas street about noon today. She was on her way to the postoffice. In falling, one of the bones in her right wrist was broken. The injury was dressed, and will probably take some weeks to heal. No other injury from the fall was reported."

NOT ENOUGH MONEY.

Candidates Think the Garfield Law Is Too Close.

Candidates are expressing their hostility to the Garfield law in no gentle terms just now. They think the limit is too small for legitimate expenses, and can't understand how they are to make a canvass on the amount allowed. If it was placed at \$500 they believe they could get along very well, but with only \$200 or thereabouts to come and go on they want to know how they are to pay hotel bills. As one gentleman said: "I'll have to beat my board bills or stop at soup houses."

EXCHANGED COURTESIES.

Rival Candidates Gave Each Other Cards.

C. E. Smith, of Columbiana, and A. G. MacKenzie, of Wellsville, met in the office of Clerk Hanley last evening, and discussed almost everything but the situation. At length Mr. Smith gravely handed Mr. MacKenzie his card, and that gentleman, not to be outdone, as

gravely took a card from his pocket and handed it to Mr. Smith. The spectators saw the operation with much amusement, and then everybody smiled. The gentlemen are candidates for treasurer.

CALLED OFF THE BET.

The Last Election Wager Was Settled This Morning.

Before election two occupants of offices in the First National Bank building wagered \$30 each on the result in Illinois, Indiana, Kentucky, Ohio and Maryland, the bet being that these states would vote for the favorite of each man. The returns from Kentucky have so long been in doubt that nothing was done until today, when the bet was declared off. The fact that a Bryan elector won in Kentucky prompted the stakeholder to decide in that way.

THOUGHT IT WAS A JOKE.

But the Lost Pocketbook Contained \$50.

Mrs. Silver, of Wellsville, last evening on Sixth street dropped a pocketbook containing \$50. She missed it in a few minutes, and returning, asked George McNicol, who was standing near by, if he had seen it. He replied that he had stepped over a purse lying in the street, but failed to pick it up, as he thought it was placed there for a joke. Together they went to the place and found the pocketbook where the lady had dropped it.

GAS FROM ALUM CLIFF.

If Another Good Well Comes In It Will Be Piped to Liverpool.

It has been decided by the owners of the Alum Cliff field that if one more good gasser is struck the fluid will be piped to this city. The outlook for another good well is very favorable, and there is but little doubt that the city will have all the gas it needs in a short time. The first well in the field is holding out as strong as ever, and this is taken as an indication that there is plenty of gas in the neighborhood.

THEY WANT NO RISE.

Rivermen Do Not Like to Send Coal South.

Pittsburg coal men are hoping there will be no boating stage for several weeks, as they have no desire to send coal down the river under present conditions. Prices are away down, and they fear it would be a losing investment. It was announced several days ago that the coal combination was broken and the big firms would no longer work together.

WALKED FROM MINGO.

Three Forlorn Wayfarers Went Through the City.

Three forlorn hobos passed through the city this morning bound for Pittsburg. Each carried over his shoulder a stout stick, on which was hung a bundle. They said they had walked from Mingo since last night. They were poorly clad, and one who touched his battered old hat to people they passed left the impression that he had seen better days.

WANTS TO BE A TRUSTEE.

Joseph Beardmore Will Be a Candidate Again.

The only candidate, who has thus far announced himself as an aspirant for township favor at the coming spring election, is Joseph Beardmore, who will be a candidate for re-election to the office of township trustee. Mr. Beardmore has made a good officer in the past, and will undoubtedly be re-elected by an increased vote.

A STATE DEPUTY

Will Be Entertained by the Mystic Circle.

A. H. Swartz, state deputy of the Mystic Circle, will be in the city the first of next month, and the local lodge are making preparations to receive him. A musical and literary program will be arranged and a banquet given in his honor. While here the gentleman will devote his time for the good of the order.

LAID OFF THE FORCE.

Telephone Workmen Were Paid and Sent Home.

The telephone force received their wages last evening, and were laid off for an indefinite period by the company, and all departed for their respective homes this morning. Yesterday in cutting the old wires on Fourth street the workmen accidentally cut three working wires, causing no end of trouble.

MAY GO TO COLUMBUS.

F. F. Fertig, who recently finished placing the sprinkler system in the decorating department of the Laughlin pottery, expects a call to Columbus soon, where the company he represents has a large contract.

NEW SCHOOL IN SIGHT

A Committee Was Appointed by the Board.

THEY WILL LOOK AFTER A SITE

The Need of More Room Is Being Felt, But the Board Will Not Allow Room Prices. Rev. J. R. Green Appointed Examiner to Fill the Vacancy.

At a special meeting of the board of education held last evening the first steps for another school building were taken, and a committee appointed to investigate the most favorable site.

All members were present except Doctor Norris and Mr. Swan, the latter having been called to attend the funeral of a relative. The first business was the election of an examiner to fill the place made vacant by the expiration of Professor Sanor's term. Rev. J. R. Green was chosen because the board looked upon him as specially qualified for the position. The gentleman was professor in a Pennsylvania normal school for six years, and served other years as an examiner. He enters upon the duties of the place at once. The first meeting of the board will be held to examine Miss Peters, the new teacher of science in the high school.

The other action was the appointment of a committee, whose duty it will be to inspect land upon which the board expect to construct a school building at no distant day. The demand for a school in the upper part of the city has become so great in recent months that the board deemed it advisable to investigate the cost of a site. The place they have in view is not given out as they have no desire to pay boom prices.

AMATEUR DETECTIVE

Took the Revenue Officers on a Wild Goose Chase.

The revenue officers left the city yesterday firmly convinced they were the victims of some amateur detective who hoped to find glory and an illicit still by their aid.

Deputy Woolf was here for several days, and laid his case before the authorities asking the assistance of several officers. When Deputy Keeley arrived and the matter was placed before him he, like Woolf, believed the raid would result in finding a still. After the raid the Cleveland man was mad. He laughed at all of them for the manner in which they had been taken in, and declared the jugs they had seen were probably sewer pipe. He was confident they had been misled by some one anxious to make a reputation.

Mr. Ohlenhouser has placed his case in the hands of Colonel Duff, a Pittsburg attorney, and if there is any chance for success, suit will be entered against the parties who made the information.

NEW CASES.

They Were Filed In Local Courts Today.

The Gerke Brewing company today sued Mrs. E. Higgins for \$50. The case will be heard Tuesday morning by Squire Rose.

Captain Palmer today entered suit against Frank L. Cowles for the recovery of goods in the possession of the defendant. They are covered by a chattel mortgage.

Constable Lyon will on Feb. 2, foreclose a chattel mortgage held by Monroe Patterson on property owned by Catharine Costello, in East End. It will be sold.

HIS FATHER IS DEAD.

But Secretary Pierce Will Be Here Next Week.

A postal card received this morning from State Secretary L. L. Pierce states that his father died Thursday morning at his home in Stockton, N. Y. The secretary will return to Ohio the early part of next week, and will make his first stop in the state at this city. He further states that Mr. Haas, the solicitor, cannot come here until Feb. 1, and that Mr. Charles, the new secretary will also arrive on that date.

AN IMPUDENT TRAMP.

He Tried to Force His Way Into a House.

A rough looking tramp knocked at the residence of John Weltz last night. The door was opened by Mrs. Weltz, when the impudent fellow demanded that he be given money and coffee at once. Mrs. Weltz, after a struggle in which she was painfully bruised, succeeded in closing the door and keeping the fellow out. Mr. Weltz is employed by the express company as driver.

Lancelot Turnbull is visiting friends in Wheeling today.

BROKE HER WRIST.

Miss Helen McKinley Was Injured In Canton.

The following special from Canton will be read with regret by parties in this city: "Miss Helen McKinley, the president-elect's sister, slipped and fell on the ice on the sidewalk near the McKinley home in West Tuscarawas street about noon today. She was on her way to the postoffice. In falling, one of the bones in her right wrist was broken. The injury was dressed, and will probably take some weeks to heal. No other injury from the fall was reported."

NOT ENOUGH MONEY.

Candidates Think the Garfield Law Is Too Close.

Candidates are expressing their hostility to the Garfield law in no gentle terms just now. They think the limit is too small for legitimate expenses, and can't understand how they are to make a canvass on the amount allowed. If it was placed at \$500 they believe they could get along very well, but with only \$200 or thereabouts to come and go on they want to know how they are to pay hotel bills. As one gentleman said: "I'll have to beat my board bills or stop at soup houses."

EXCHANGED COURTESIES.

Rival Candidates Gave Each Other Cards.

C. E. Smith, of Columbiana, and A. G. MacKenzie, of Wellsville, met in the office of Clerk Hanley last evening, and discussed almost everything but the situation. At length Mr. Smith gravely handed Mr. MacKenzie his card, and that gentleman, not to be outdone, as

gravely took a card from his pocket and handed it to Mr. Smith. The spectators saw the operation with much amusement, and then everybody smiled. The gentlemen are candidates for treasurer.

CALLED OFF THE BET.

The Last Election Wager Was Settled This Morning.

Before election two occupants of offices in the First National Bank building wagered \$30 each on the result in Illinois, Indiana, Kentucky, Ohio and Maryland, the bet being that these states would vote for the favorite of each man. The returns from Kentucky have so long been in doubt that nothing was done until today, when the bet was declared off. The fact that a Bryan elector won in Kentucky prompted the stakeholder to decide in that way.

THOUGHT IT WAS A JOKE.

But the Lost Pocketbook Contained \$50.

Mrs. Silver, of Wellsville, last evening on Sixth street dropped a pocketbook containing \$50. She missed it in a few minutes, and returning, asked George McNicol, who was standing near by, if he had seen it. He replied that he had stepped over a purse lying in the street, but failed to pick it up, as he thought it was placed there for a joke. Together they went to the place and found the pocketbook where the lady had dropped it.

GAS FROM ALUM CLIFF.

If Another Good Well Comes In It Will Be Piped to Liverpool.

It has been decided by the owners of the Alum Cliff field that if one more good gasser is struck the fluid will be piped to this city. The outlook for another good well is very favorable, and there is but little doubt that the city will have all the gas it needs in a short time. The first well in the field is holding out as strong as ever, and this is taken as an indication that there is plenty of gas in the neighborhood.

THEY WANT NO RISE.

Rivermen Do Not Like to Send Coal South.

Pittsburg coal men are hoping there will be no boating stage for several weeks, as they have no desire to send coal down the river under present conditions. Prices are away down, and they fear it would be a losing investment. It was announced several days ago that the coal combination was broken and the big firms would no longer work together.

WALKED FROM MINGO.

Three Forlorn Wayfarers Went Through the City.

Three forlorn hobos passed through the city this morning bound for Pittsburg. Each carried over his shoulder a stout stick, on which was hung a bundle. They said they had walked from Mingo since last night. They were poorly clad, and one who touched his battered old hat to people they passed left the impression that he had seen better days.

WANTS TO BE A TRUSTEE.

Joseph Beardmore Will Be a Candidate Again.

The only candidate, who has thus far announced himself as an aspirant for township favor at the coming spring election, is Joseph Beardmore, who will be a candidate for re-election to the office of township trustee. Mr. Beardmore has made a good officer in the past, and will undoubtedly be re-elected by an increased vote.

A STATE DEPUTY

Will Be Entertained by the Mystic Circle.

A. H. Swartz, state deputy of the Mystic Circle, will be in the city the first of next month, and the local lodge are making preparations to receive him. A musical and literary program will be arranged and a banquet given in his honor. While here the gentleman will devote his time for the good of the order.

LAID OFF THE FORCE.

Telephone Workmen Were Paid and Sent Home.

The telephone force received their wages last evening, and were laid off for an indefinite period by the company, and all departed for their respective homes this morning. Yesterday in cutting the old wires on Fourth street the workmen accidentally cut three working wires, causing no end of trouble.

MAY GO TO COLUMBUS.

F. F. Fertig, who recently finished placing the sprinkler system in the decorating department of the Laughlin pottery, expects a call to Columbus soon, where the company he represents has a large contract.

NEW SCHOOL IN SIGHT

A Committee Was Appointed by the Board.

THEY WILL LOOK AFTER A SITE

The Need of More Room Is Being Felt, But the Board Will Not Allow Boom Prices. Rev. J. R. Green Appointed Examiner to Fill the Vacancy.

At a special meeting of the board of education held last evening the first steps for another school building were taken, and a committee appointed to investigate the most favorable site.

All members were present except Doctor Norris and Mr. Swan, the latter having been called to attend the funeral of a relative. The first business was the election of an examiner to fill the place made vacant by the expiration of Professor Sanor's term. Rev. J. R. Green was chosen because the board looked upon him as specially qualified for the position. The gentleman was professor in a Pennsylvania normal school for six years, and served other years as an examiner. He enters upon the duties of the place at once. The first meeting of the board will be held to examine Miss Peters, the new teacher of science in the high school.

The other action was the appointment of a committee, whose duty it will be to inspect land upon which the board expect to construct a school building at no distant day. The demand for a school in the upper part of the city has become so great in recent months that the board deemed it advisable to investigate the cost of a site. The place they have in view is not given out as they have no desire to pay boom prices.

AMATEUR DETECTIVE

Took the Revenue Officers on a Wild Goose Chase.

The revenue officers left the city yesterday firmly convinced they were the victims of some amateur detective who hoped to find glory and an illicit still by their aid.

Deputy Woolf was here for several days, and laid his case before the authorities asking the assistance of several officers. When Deputy Keeley arrived and the matter was placed before him he, like Woolf, believed the raid would result in finding a still. After the raid the Cleveland man was mad. He laughed at all of them for the manner in which they had been taken in, and declared the jugs they had seen were probably sewer pipe. He was confident they had been misled by some one anxious to make a reputation.

Mr. Ohlenhouser has placed his case in the hands of Colonel Duff, a Pittsburg attorney, and if there is any chance for success, suit will be entered against the parties who made the information.

NEW CASES.

They Were Filed In Local Courts Today.

The Gerke Brewing company today sued Mrs. E. Higgins for \$50. The case will be heard Tuesday morning by Squire Rose.

Captain Palmer today entered suit against Frank L. Cowles for the recovery of goods in the possession of the defendant. They are covered by a chattel mortgage.

Constable Lyon will on Feb. 2, foreclose a chattel mortgage held by Monro Patterson on property owned by Catherine Costello, in East End. It will be sold.

HIS FATHER IS DEAD.

But Secretary Pierce Will Be Here Next Week.

A postal card received this morning from State Secretary L. L. Pierce states that his father died Thursday morning at his home in Stockton, N. Y. The secretary will return to Ohio the early part of next week, and will make his first stop in the state at this city. He further states that Mr. Haas, the solicitor, cannot come here until Feb. 1, and that Mr. Charles, the new secretary will also arrive on that date.

AN IMPUDENT TRAMP.

He Tried to Force His Way Into a House.

A rough looking tramp knocked at the residence of John Weltz last night. The door was opened by Mrs. Weltz, when the impudent fellow demanded that he be given money and coffee at once. Mrs. Weltz, after a struggle in which she was painfully bruised, succeeded in closing the door and keeping the fellow out. Mr. Weltz is employed by the express company as driver.

EAST LIVERPOOL, O., SATURDAY, JAN. 23.

ASTRONOMERS tell us if we keep our
eyes wide open July 29, we will see an
eclipse of the sun.

If you remember that the News Re-
view has all the news all the time, you
will be well informed.

There is a growing sentiment that
Wellsville would be sensibly improved
if council devoted a little of its surplus
time to investigation.

The Spanish soldier who can't split a
woman's head or dash out the brains of
her child does not appear to be much of
a soldier from General Weyler's point
of view.

A LOCAL paper uses a column of space
to tell its readers Captain Pusey would
sue the bridge company. The NEWS
REVIEW gave that story in a stick or
two several weeks ago.

There is evidently some financial re-
turn in being an unbeliever. Col. Eob
Ingersoll has just surrendered a law
practice said to be worth \$250,000 a year,
and will devote all his time to lectur-
ing.

CHICAGO Republicans will go to the
inauguration in a train, so illuminated
that from dusk until daylight it will be
a flash of light cleaving the darkness.
Those Chicago innocents might get lost
if they traveled in the dark.

It must not be expected that the daily
deficit will cease with the inauguration
of Major McKinley. Wise Republican
measures for raising revenue must take
the place of the Wilson law before we
can hope to be freed from Democracy's
curse.

GOVERNOR BUSHNELL has far too much
good sense to father the numerous in-
terviews credited to him by Columbus
correspondents. He has been in public
life long enough to know that some-
men look on a lie well told as meritori-
ous as good truth.

THEY say Secretary Olney has prohi-
bited American diplomats from talk-
ing politics in order to rebuke Ambassa-
dor Bayard. It is a pity the secretary
has not the courage to administer cen-
sure direct, instead of spreading it
through the whole diplomatic service.

KANSAS is to the front again. The
mayor of Acheson vetoed a high hat or-
dinance because it deprived the women
of a "privilege and right vouchsafed to
them by the constitution." That mayor
should correspond with some bicycle
factory. He probably has wheels to sell.

THE SOLDIERS' BUTTERINE.

The question of butterine at the Day-
ton home will not down. It has, after
numerous denials, come again to the
attention of the public, this time accom-
panied by the insinuation that the
management of the home is almost if
not quite as rotten as the grease it dis-
penses. The veterans, it seems, have
long endured the indignities of some
one, and now they demand a radical
change. One old soldier writes to
Washington that the institution is at
present conducted solely for those
officers who have changed it into a
money producing institution for their
special benefit. Whether this assertion
contains truth only an official investi-
gation should be ordered at once. Too
much cannot be done for the old boys
who dared the dangers of the war. The
nation owes them good food and com-
fortable clothing. If the government is
at fault in neglecting their needs, then
should Uncle Sam bow his head in shame
and retire from active life; but if the
fault lies with the men appointed to care
for the veterans there should be no delay
in bringing them to justice. The United
States can endure malfeasance in office
from some quarters, but it cannot for an
instant longer than is necessary suffer
the men who bared their breasts in its
hour of peril to want for the common
necessaries of life.

A NEW CUBAN CAPITAL.

Senor Pera Says the Rebels Will Soon
Take a Large City.

CLEVELAND, Jan. 23.—Senor Fidel
Pera, secretary of the Cuban junta, has
arrived in Cleveland enroute to Colum-
bus, where he will address a big mass-
meeting this evening.

In conversation with a reporter Mr.
Pera said he had just received letters
from President Cisneros of the Cuban
republic and General Gomez. Presi-
dent Cisneros says that the reports of
his ill-health are all fabrications and
that he will never agree to any other
settlement but independence.

The letter from Gomez read in part
as follows: "All the stories in which
it was stated that I had proposed to
compromise are lies of Spanish inven-
tion."

He concluded his letter as follows:
"You will no doubt remember the only
condition on which I agreed to enter
this war, which was that we should
never lay down arms until freedom was
achieved, and I intend to enforce that
stipulation."

Senor Pera further said: "I can tell
you as a sort of state secret," said he,
"that it will only be only a few weeks
until the insurgents will be in posses-
sion of one of the large and important
cities, at which our capitol will be es-
tablished."

"I am hopeful of the new adminis-
tration. When I saw President-elect
McKinley during my former visit to
Cleveland I could, of course, only ex-
plain the situation to him, but I hope
that he was favorably impressed with
our cause."

REFORMS NOT PROMULGATED.

But Spain Has Them Ready, If Not
Published Today.

WASHINGTON, Jan. 23.—The reform
scheme for the island of Cuba has been
perfected by the Spanish government,
and its promulgation and application is
now a matter of but a few days, unless
some untoward happening disturbs the
program. It was not announced today,
however, as was anticipated in some
quarters from the fact that that day
was the young king's saint day.

While the details of the new scheme
are withheld from the public, as yet, it
is believed that their scope is known to
the president and Secretary Olney and
that in their opinion they embody at
least a fair measure of reform prin-
ciples to begin with. At present the
effort of the Spanish government is to
make sure that the plan is acceptable to
all parties in Spain and on the island of
Cuba, so as to avoid friction in putting
the reforms into effect and to guarantee
permanence for the system when once
it is adopted. The promulgation of the
plan, it is thought, will be accompanied
or closely followed by the announce-
ment of a general amnesty, extending
not only to insurgents now in the field
who may under the existing order of
General Weyler receive amnesty upon
surrender to any Spanish commander,
but also to persons imprisoned in
Havana and other Cuban towns and
even in Ceuta and other penal settle-
ments, providing that the offenses
charged against them are purely political.

GOFF'S VISIT TO CANTON.

A Belief That He Has Been Decided
Upon For Attorney General.

CANTON, O., Jan. 23.—Judge Nathan
Goff of West Virginia, on most of the
cabinet states as attorney general, who
came here to confer with Major McKin-
ley, remained in the city until last even-
ing, when he left for home. It is gen-
erally believed that he has been practi-
cally determined upon for the attorney
general of the next administration, al-
though no direct authoritative state-
ment to that effect has been made.

Judge Goff said that his conversation
with Major McKinley was of a confi-
dential nature, and he did not feel at
liberty to make any of it public until
the matters discussed had been finally
determined upon. He admitted, how-
ever, that cabinet matters had been dis-
cussed, and said that he had no doubt
that the south would furnish one of the
members of the cabinet.

Three well known Pittsburgers,
Messrs. Chris Magee, State Senator
Phinn and County Recorder George M.
Von Bennohorst, have paid Major Mc-
Kinley a visit.

abolishing the whipping post and pil-
lory in Delaware.

A Nation of Medicine Takers.

It is an accepted fact that the Ameri-
can people are the greatest users of
medicines of one sort or another on the
face of the earth. Imaginary ills make
up a large part of man's earthly troubles.
Some people need only to read the
vivid description of some chronic disease,
and they are at once victims to the com-
plaint in question. Many patent medi-
cine vendors make use of this peculiarity
and lead some people to believe that
their tired feeling comes from their blood
not being rich and red. Millions would
be saved and our general health would
be better if we would take medicine only
when really needed and then get a re-
medy specially prepared for the disease
with which we are suffering.

As an illustration, when you have
sore throat, there can't be any imagina-
tion about it. Your throat hurts;
probably is covered with white ulcer-
ated spots, and you know you need a
remedy. Use good judgment. Get a
cure put up for this one purpose.
There is such a remedy. Tonsiline is
its name, and it is a wonder in its
field. Being put up for this one class
of diseases, it cures quickly, surely,
and many times as if by magic. No family
can afford to be without Tonsiline in
the home, as it is a certain cure for
Sore Throat, Sore Mouth, Croup and
Quinsy. Ask your neighbors who
have used it. All druggists sell Ton-
siline, 25 and 50 cents.

HANNA IS FAVORED.

This Fact Made Plain by Leg-
islators at Columbus.

BUSHNELL'S FRIENDS SURPRISED.

The Legislature Friendly to the Gov-
ernor, but Wants Hanna to Go to the
Senate—Opposed to an Extra Session.
Details of the Banquet.

COLUMBUS, Jan. 23.—The spacious
lobby of the Hotel Chittenden was
crowded yesterday afternoon and last
evening by members of the general as-
sembly, state officials and politicians,
and the all-absorbing topic was the
senior Ohio senatorship. A stranger would
have thought a senatorial caucus was
about to be held instead of a legisla-
tive reunion. About 90 members of
both houses of the legislature came to
attend the reunion and most of them
were attracted wholly by the talk about
the senatorship. It was an utter im-
possibility to get a poll of the members
upon their preference in event of a
special session to elect a successor to
Senator Sherman.

Not over a half dozen would even
say they had a preference. The drift
of sentiment, however, was against the
calling of a special session and in favor
of the appointment of Hon. Mark
Hanna to succeed Senator Sherman.
This proved to be quite a surprise to
the friends of Governor Bushnell, who
have maintained that Mr. Hanna would
not be appointed. Inasmuch as the
legislature is friendly to Governor
Bushnell, it was presumed that it would
not look favorably upon Mr. Hanna.
But there were points upon which they
had not reckoned. Many of the mem-
bers want to be made postmasters under
the McKinley administration, and as a
friendly to Mr. Hanna.

The chairman of the national com-
mittee arrived from Cleveland about 2
o'clock in the afternoon, accompanied
by Major Dick. Mr. Hanna had en-
gaged the parlors on the first floor at
the Chittenden, and, as soon as his ar-
rival became known, a string of callers
passed in and out of his room. Mr.
Hanna maintained that he had not
come here in the interests of his candi-
dacy for United States senator, but that
he was merely the invited guest of the
members of the general assembly. He
was greatly annoyed by the construc-
tion placed upon his visit. Ex-Governor
Foster, who was expected to be here,
failed to put in an appearance, and it
was rumored that he had given up the
idea of becoming a candidate for the
senatorship.

It was 10 o'clock before the members
of the general assembly and their guests
were seated at the banquet tables in the
diningroom of the Chittenden. The
tables were arranged in the form of the
figures "12" and contained covers for
200, about half of whom were state offi-
cials and guests of the members.

Mr. Hanna was among the first to en-
ter the room. His entrance was unher-
alded, and it was a moment before the
crowd caught on and started to applaud.
A few moments later Governor Bush-
nell entered and he was given a royal
welcome.

Governor Bushnell, the toastmaster
for the evening, was seated in the cen-
ter of the west table. At his right was
Lieutenant Governor A. W. Jones and
at his left Adjutant General Axline.
Mr. Hanna sat next to Mr. Jones, with
Hon. Levi C. Goodale at his right.
Speaker D. L. Sleeper came next, fol-
lowed by Speaker Pro Tempore C. H.
Bosler, Mr. Blackburn and Senators
Harbaugh, Sullivan and Shryock. At
the left of General Axline were Judge
John A. Shauke, Clerk Caine and other
state officials.

After all the guests had been seated
they were greatly pleased at the elec-
tric display which followed. The room
was darkened and then "welcome
seventy-second" shone forth from the
ceiling. Then a beautiful American
flag in the red, white and blue came
out of the darkness, eliciting a round
of applause.

It was just midnight when Speaker
Sleeper introduced Governor Bushnell.
A loud burst of applause followed last-
ing several minutes. The governor
then congratulated those present upon
the fact that there were so many mem-
bers of the legislature present and that
no deaths had occurred since the body
was elected. The governor told several
good stories apropos of the occasion and
called out a hearty laugh by stating
that he was thankful he did not have
a legislature on his hands.

Lieutenant Governor A. W. Jones re-
sponded to the toast, "The Seventy-
Second General Assembly, the Sentiment
Being the Evil That Men Do Live
After Them."

Adjutant General Axline responded
to the toast, "The Ohio Soldierly Cou-
rageous in War; Law Abiding in Peace;
Ever Loyal."

Governor Bushnell's introduction of
Hon. M. A. Hanna was a very happy
one, the toast being "Ohio, the Mother
of Presidents." When Mr. Hanna arose
he was given an ovation. He began by
stating that he accepted the invitation
to attend the banquet on the condition
that he was not to be called upon to
make a response. He had been caught
unawares, but he could not refrain from
adding his testimony to the sterling
worth of the present legislature. Ohio
was a great state. She had great natu-
ral resources and her sons took ad-
vantage of them.

The country called presidents from
different sections, but after a few trials
always came back to Ohio for a leader
when any great crisis confronted.

The Ohio man always made himself
known and felt wherever his lot was
cast, whatever the exigency, contingency
or emergency, the Ohio man was
always ready to respond to the call of
duty and history did not record a failure
on the part of an Ohioan. As a native
of Ohio the speaker was proud of the
walks and callings of life and with
others believed that in Ohio all things
were possible.

Mr. Hanna made no personal allusions
and his brief remarks were loudly ap-
plauded.

The toast, "Nineteenth Century Pol-
itics," was to be responded to by Hon.
C. L. Kurtz, who was not present, and
Hon. Levi C. Goodale of Cincinnati was
called out to respond to "Certainties of
Life—Death and Taxes."

WILLIAMS IN THE SOUTH.

The Senator Not in Cuba For Major
McKinley.

CANTON, Jan. 23.—Your correspond-
ent made inquiries in Alliance concern-
ing State Senator Silas W. Williams,
whose home is in that city and who
was reported as studying the Cuban
situation on the island in President-
elect McKinley's interest. It was
learned that Mr. Williams is traveling
in the south seeking to recuperate his
health.

A letter received from him Friday
morning was dated New Orleans and
said he would shortly go to Florida,
but made no mention of an intention
to go to Cuba. His Alliance friends
have no knowledge of his being in
Cuba, and here in Canton the story that
he has gone to the island on behalf of
Mr. McKinley is entirely discredited.

THE WOOLSON SPICE CASE.

Arbuckles and Sugar Trust Contesting
In Court.

TOLEDO, Jan. 23.—The legal battle
over the Woolson Spice company has
begun in common pleas court here,
Judge Morris presiding. Much of the
session was consumed in reading the
original petition of the Arbuckles, ask-
ing for a receiver for the Woolson com-
pany, the answer of the latter and their
demurrer. Over 60 witnesses will be
called.

Manager Green of the Western Union
has been ordered to produce certain tel-
egrams that passed between the Wool-
son people and the refining company.
He informed the court that he could
not show all of them, but Judge Norris
said that he would pass on that ques-
tion at the proper time.

The case will probably occupy several
days.

To Settle an Estate.

duct the litigation concerning the in-
volvement of the estate, most of which
is in Minnesota and Maryland, and
the case will be carried to the
United States supreme court.

Major McKinley's Sister Hurt.

CANTON, Jan. 23.—Miss Helen Mc-
Kinley, the president-elect's sister,
slipped and fell on the ice on the sidewalk
near the McKinley home in West
Tuscarawas street. She was on her way
to the postoffice. In falling one of
the bones in her right wrist was
broken. The injury was dressed and
will probably take some weeks to heal.
No other injury from the fall was re-
ported.

the opposite side of the street. The
loss will foot up \$30,000. The fire
originated from a defective flue in Ed
McNeal's butcher shop.

EAST LIVERPOOL, O., SATURDAY, JAN. 23.

ASTRONOMERS tell us if we keep our
eyes wide open July 29, we will see an
eclipse of the sun.

If you remember that the NEWS REVIEW
will have all the news all the time, you
will be well informed.

THERE is a growing sentiment that
Wellsville would be sensibly improved
if council devoted a little of its surplus
time to investigation.

THE Spanish soldier who can't split a
woman's head or dash out the brains of
her child does not appear to be much of
a soldier from General Weyler's point
of view.

A LOCAL paper uses a column of space
to tell its readers Captain Pusey would
sue the bridge company. The NEWS
Review gave that story in a stick or
two several weeks ago.

THERE is evidently some financial re-
turn in being an unbeliever. Col. Eob
Ingorsoll has just surrendered a law
practice said to be worth \$250,000 a year,
and will devote all his time to lectur-
ing.

CHICAGO Republicans will go to the
inauguration in a train, so illuminated
that from dusk until daylight it will be
a flash of light cleaving the darkness.
Those Chicago innocents might get lost
if they traveled in the dark.

It must not be expected that the daily
deficit will cease with the inauguration
of Major McKinley. Wise Republican
measures for raising revenue must take
the place of the Wilson law before we
can hope to be freed from Democracy's
curse.

GOVERNOR BUSHNET has far too much
good sense to father the numerous in-
terviews credited to him by Columbus
correspondents. He has been in public
life long enough to know that some
men look on a lie well told as meritori-
ous as good truth.

THEY say Secretary Olney has prohib-
ited American diplomats from talk-
ing politics in order to rebuke Ambassa-
dor Bayard. It is a pity the secretary
has not the courage to administer cen-
sure direct, instead of spreading it
through the whole diplomatic service.

KANSAS is to the front again. The
mayor of Acheson vetoed a high art or-
dinance because it deprived the women
of a "privilege and right" vouchsafed to
them by the constitution. That mayor
should correspond with some bicycle
factory. He probably has wheels to sell.

THE SOLDIERS' BUTTERINE.

The question of butterine at the Day-
ton home will not down. It has, after
numerous denials, come again to the
attention of the public, this time accom-
panied by the insinuation that the
management of the home is almost if
not quite as rotten as the grease it dis-
penses. The veterans, it seems, have
long endured the indignities of some
one, and now they demand a radical
change. One old soldier writes to
Washington that the institution is at
present conducted solely for those
officers who have changed it into a
money producing institution for their
special benefit. Whether this assertion
contains truth only an official investi-
gation will bring out, and that investi-
gation should be ordered at once. Too
much cannot be done for the old boys
who dared the dangers of the war. The
nation owes them good food and com-
fortable clothing. If the government is
at fault in neglecting their needs, then
should Uncle Sam bow his head in shame
and retire from active life; but if the
fault lies with the men appointed to care
for the veterans there should be no delay
in bringing them to justice. The United
States can endure malfeasance in office
from some quarters, but it cannot for an
instant longer than is necessary suffer
the men who bared their breasts in its
hour of peril to want for the common
necessaries of life.

A NEW CUBAN CAPITAL.

Senor Peira Says the Rebels Will Soon
Take a Large City.

CLEVELAND, Jan. 23.—Senor Fidel
Peira, secretary of the Cuban junta, has
arrived in Cleveland enroute to Colum-
bus, where he will address a big mass-
meeting this evening.

In conversation with a reporter Mr.
Peira said he had just received letters
from President Cisneros of the Cuban
republic and General Gomez. Presi-
dent Cisneros says that the reports of
his ill-health are all fabrications and
that he will never agree to any other
settlement but independence.

The letter from Gomez read in part
as follows: "All the stories in which
it was stated that I had proposed to
compromise are lies of Spanish inven-
tion."

He concluded his letter as follows:
"You will no doubt remember the only
condition on which I agreed to enter
this war, which was that we should
never lay down arms until freedom was
achieved and I intend to enforce that
stipulation."

Senor Peira further said: "I can tell
you as a sort of state secret," said he,
"that it will only be a few weeks
until the insurgents will be in pos-
session of one of the large and important
cities, at which our capitol will be es-
tablished."

"I am hopeful of the new adminis-
tration. When I saw President-elect
McKinley during my former visit to
Cleveland I could, of course, only ex-
plain the situation to him, but I hope
that he was favorably impressed with
our cause."

REFORMS NOT PROMULGATED.
But Spain Has Them Ready, If Not
Published Today.

WASHINGTON, Jan. 23.—The reform
scheme for the island of Cuba has been
perfected by the Spanish government,
and its promulgation and application is
now a matter of but a few days, unless
some untoward happening disturbs the
program. It was not announced today,
however, as was anticipated in some
quarters from the fact that that day
was the young king's saint day.

While the details of the new scheme
are withheld from the public, as yet, it
is believed that their scope is known to
the president and Secretary Olney and
that in their opinion they embody at
least a fair measure of reform prin-
ciples to begin with. At present the
effort of the Spanish government is to
make sure that the plan is acceptable to
all parties in Spain and on the island of
Cuba, so as to avoid friction in putting
the reforms into effect and to guarantee
permanence for the system when it
is adopted. The promulgation of the
plan, it is thought, will be accompanied
or closely followed by the announce-
ment of a general amnesty, extending
not only to insurgents now in the field
who may under the existing order of
General Weyler receive amnesty upon
surrender to any Spanish commander,
but also to persons imprisoned in
Havana and other Cuban towns and
even in Ceuta and other penal settle-
ments, providing that the offenses
charged against them are purely
political.

GOFF'S VISIT TO CANTON.
A Belief That He Has Been Deceived
Upon For Attorney General.

CANTON, O., Jan. 23.—Judge Nathan
Goff of West Virginia, on most of the
cabinet slates as attorney general, who
came here to confer with Major McKin-
ley, remained in the city until last even-
ing, when he left for home. It is gen-
erally believed that he has been practi-
cally determined upon for the attorney
general of the next administration, al-
though no direct authoritative state-
ment to that effect has been made.

Judge Goff said that his conversation
with Major McKinley was of a con-
fidential nature, and he did not feel at
liberty to make any of it public until
the matter discussed had been finally
determined upon. He admitted, how-
ever, that cabinet matters had been dis-
cussed, and said that he had no doubt
that the south would furnish one of the
members of the cabinet.

Three well known Pittsburgers,
Messrs. Chris Magee, State Senator
Finn and County Recorder George M.
Von Bunnhorst, have paid Major Mc-
Kinley a visit.

HANNA IS FAVORED.

This Fact Made Plain by Leg-
islators at Columbus.

BUSHNET'S FRIENDS SURPRISED.

The Legislature Friendly to the Gov-
ernor, but Wants Hanna to Go to the
Senate—Opposed to an Extra Session.
Details of the Banquet.

COLUMBUS, Jan. 23.—The spacious
lobby of the Hotel Chittenden was
crowded yesterday afternoon and last
evening by members of the general as-
sembly, state officials and politicians,
and the all-absorbing topic was the
senior Ohio senatorship. A stranger would
have thought a senatorial caucus was
about to be held instead of a legisla-
tive reunion. About 90 members of
both houses of the legislature came to
attend the reunion and most of them
were attracted wholly by the talk about
the senatorship. It was an utter im-
possibility to get a poll of the members
upon their preference in event of a
special session to elect a successor to
Senator Sherman.

Not over a half dozen would even
say they had a preference. The drift
of sentiment, however, was against the
calling of a special session and in favor
of the appointment of Hon. Mark
Hanna to succeed Senator Sherman.
This proved to be quite a surprise to
the friends of Governor Bushnell, who
have maintained that Mr. Hanna would
not be appointed. Inasmuch as the
legislature is friendly to Governor
Bushnell, it was presumed that it would
not look favorably upon Mr. Hanna.
But there were points upon which they
had not reckoned. Many of the mem-
bers want to be made postmasters under
the McKinley administration and as a
matter of policy, if nothing more, they
are friendly to Mr. Hanna.

The chairman of the national com-
mittee arrived from Cleveland about 2
o'clock in the afternoon, accompanied
by Major Dick. Mr. Hanna had en-
gaged the parlors on the first floor at
the Chittenden and, as soon as his ar-
rival became known, a string of callers
passed in and out of his room. Mr.
Hanna maintained that he had not
come here in the interests of his candi-
dacy for United States senator, but that
he was merely the invited guest of the
members of the general assembly. He
was greatly annoyed by the construction
placed upon his visit. Ex-Governor
Foster, who was expected to be here,
failed to put in an appearance, and it
was rumored that he had given up the
idea of becoming a candidate for the
senatorship.

It was 10 o'clock before the members
of the general assembly and their guests
were seated at the banquet tables in the
diningroom of the Chittenden. The
tables were arranged in the form of the
figures "72" and contained covers for
200, about half of whom were state offi-
cials and guests of the members.

Mr. Hanna was among the first to en-
ter the room. His entrance was un-
heralded, and it was a moment before
the crowd caught on and started to applaud.
A few moments later Governor Bush-
nell entered and he was given a royal
welcome.

Governor Bushnell, the toastmaster
for the evening, was seated in the cen-
ter of the west table. At his right was
Lieutenant Governor A. W. Jones and
at his left Adjutant General Axline.
Mr. Hanna sat next to Mr. Jones, with
Hon. Levi C. Goodale at his right.
Speaker D. L. Sleeper came next, fol-
lowed by Speaker Pro Tem, C. H.
Boiler, Mr. Blackburn and Senators
Laughlin, Sullivan and Shryock. At
the left of General Axline were Judge
John A. Shauk, Clerk Caine and other
state officers.

After all the guests had been seated
they were greatly pleased at the elec-
tric display which followed. The room
was darkened and then "welcome
seventy-second" shone forth from the
ceiling. Then a beautiful American
flag in the red, white and blue came
out of the darkness, eliciting a round
of applause.

It was just midnight when Speaker
Sleeper introduced Governor Bushnell.
A loud burst of applause followed last-
ing several minutes. The governor
then congratulated those present upon
the fact that there were so many mem-
bers of the legislature present and that
no deaths had occurred since the body
was elected. The governor told several
good stories, and he did not feel at
liberty to make any of it public until
the matter discussed had been finally
determined upon. He admitted, how-
ever, that cabinet matters had been dis-
cussed, and said that he had no doubt
that the south would furnish one of the
members of the cabinet.

WILLIAMS IN THE SOUTH.

The Senator Not In Cuba For Major
McKinley.

CANTON, Jan. 23.—Your correspond-
ent made inquiries in Alliance concern-
ing State Senator Silas W. Williams,
whose home is in that city and who
was reported as studying the Cuban
situation on the island in President-
elect McKinley's interest. It was
learned that Mr. Williams is traveling
in the south seeking to recuperate his
health.

A letter received from him Friday
morning was dated New Orleans and
said he would shortly go to Florida,
but made no mention of an intention
to go to Cuba. His Alliance friends
have no knowledge of his being in
Cuba, and here in Canton the story that
he has gone to the island on behalf of
Mr. McKinley is entirely discredited.

THE WOOLSON SPICE CASE.

Arbuckles and Sugar Trust Contesting
In Court.

TOLEDO, Jan. 23.—The legal battle
over the Woolson Spice company has
begun in common pleas court here,
Judge Morris presiding. Much of the
session was consumed in reading the
original petition of the Arbuckles, ask-
ing for a receiver for the Woolson com-
pany, the answer of the latter and their
demurrer. Over 60 witnesses will be
called.

Manager Green of the Western Union
has been ordered to produce certain tel-
egrams that passed between the Wool-
son people and the refining company.
He informed the court that he could
not show all of them, but Judge Norris
said that he would pass on that ques-
tion at the proper time.

The case will probably occupy several
days.

To Settle an Estate.

MT. PLEASANT, O., Jan. 23.—Samuel
Friend and Justice D. Manderson, trust-
ees of Theobald Matthew's estate,
which is estimated to be worth at least
\$21,000,000, state that the well-known
jurist, Columbus Waterman, of Man-
chester, O., has been engaged to con-
duct the litigation concerning the in-
volved portion of the estate, most of
which is in Minnesota and Maryland,
and the case will be carried to the
United States supreme court.

Major McKinley's Sister Hurt.

CANTON, Jan. 23.—Miss Helen Mc-
Kinley, the president-elect's sister,
slipped and fell on the ice on the side-
walk near the McKinley home in West
Tuscarawas street. She was on her
way to the postoffice. In falling one
of the bones in her right wrist was
broken. The injury was dressed and
will probably take some weeks to heal.
No other injury from the fall was re-
ported.

The Mingo Junction Fire.

STEVENSVILLE, O., Jan. 23.—Details
show that the fire at Mingo Junction,
news of which was given in these dis-
patches yesterday, destroyed all but
one building of an entire block in the
business portion, also the city hall on
the opposite side of the street. The
loss will foot up \$30,000. The fire
originated from a defective flue in Ed
McNeal's butcher shop.

be held in Oil City in April.

ing of the Venezuelan treaty, accord-
ing to a Washington dispatch to The

nate one of the members of the board
of arbitration.

It is agreed that the member nomi-
nated by Venezuela shall be an Amer-
ican, and Venezuela will ask Chief
Justice Fuller to serve as her representa-
tive.

lantic and gulf states harbor and coast

tions to improve army, militia and coast

rence, in the criminal branch of the

Advantageous Settlement of Union Pacific Matter.

WILL FORECLOSE ON THE ROADS.

A Deal Made With the Reorganization Committee by Which the Government Is Guaranteed a Good Price on Sale. Backed Up by Cash Deposit.

WASHINGTON, Jan. 23.—Attorney General Harmon has given out the following statement of the agreement of the government with the reorganization committee of the Union Pacific and Kansas Pacific railroads:

Upon the defeat of the funding bill in the house, the president directed the attorney general to commence foreclosure proceedings against the Union Pacific Railway company, first making the best arrangements obtainable for the protection of the government's interests. Following the lines indicated in his last report, the attorney general began negotiations with the reorganization committee. On Thursday an agreement was made which will result in immediate steps to foreclose. The chief subject of the negotiations was the protection of the government against the risk of sacrifice of its claim by a sale at a price which would leave nothing substantial after paying prior liens. This protection is now assured by a guarantee that the government shall receive on its lien on the aided portions of the Union Pacific and Kansas Pacific lines, including the sinking fund, not less than \$15,750,000. The sale will be public, so that the government will receive the benefit of any higher bids up to the full amount of its claim, principal and interest. The sum of \$15,000,000 cash was on Tuesday deposited with the United States Trust company of New York by General Louis Fitzgerald, chairman of the committee, as security, according to the terms of the agreement. The committee agree to bid for the sinking fund if it is desired to sell it at any time before the foreclosure sale.

Bills in equity have been prepared, signed by the attorney general and Hon. George Hoadly, special counsel, and forwarded to St. Louis, where they will, on Friday, be presented to Judge Sanborn, who has jurisdiction in all the districts and whose consent to their filing is necessary, because the receivers in charge of the property are made parties defendant. They are original bills and not cross bills in the pending suits. Whether they will proceed as independent bills or to be ordered to stand as cross bills in the pending suits will be determined by the judge, but in either event, the result will be practically the same, viz: the sale of the property under the government's lien as well as under that of the first mortgage. The bills will be filed in the districts of Iowa, Nebraska, Wyoming, Colorado and Utah. Separate bills for the foreclosure of the lien on the Kansas Pacific are in course of preparation. These will be filed in Missouri and Kansas.

The proposed arrangement was submitted to the government directors before it was closed. They all recommended its adoption. Their general opinion was thus expressed. The government cannot prudently longer defer the settlement of this matter. The Union Pacific system has already been much curtailed and its revenues have been permanently reduced. Reorganizations of allied and neighboring properties have either been accomplished or are in train for early consummation and the breaking up of the entire Union Pacific has been and is steadily progressing. It therefore seems to us inexpedient, if not dangerous, to neglect this opportunity of realizing the sum offered and thus expose the government to a continuous depreciation of its security. It is believed that there will be higher bids but, if not an estimate shows that, crediting amounts already received from the company, the government will at least realize a sum equivalent to the principal of the subsidy bonds with interest at about 3½ per cent from their issue to the average date of their maturity, or about 3½ per cent from date of issue to Jan. 1, 1907.

The minimum of \$45,750,000 guaranteed the government is in cash, so that all relations with the property will terminate upon the confirmation of the foreclosure sale. The course to be pursued with respect to the Central Pacific has not yet been determined. Kuhn, Loeb & Co., bankers for the reorganization committee, have assured to the committee the funds required to carry its agreement with the government into effect. The following named gentlemen comprise the reorganization committee: Louis Fitzgerald, chairman; Jacob H. Schiff, Chauncey M. Depew, T. Jefferson Coolidge, W. Marlin Huggitt and Oliver Ames.

In official circles the agreement is regarded as highly advantageous to the government. Although the interest which the government has paid and will continue to pay until the last outstanding bonds mature, was at the rate of 6 per cent, the figure obtained by the attorney general is regarded as very liberal.

THE PRESIDENT TOO EXCLUSIVE. Governor Attacks Him For Refusing to See Congressmen.

WASHINGTON, Jan. 23.—Much of the time of the house was consumed with small bills. The bill to provide for holding terms of the United States court of the eastern district of Texas at the town of Beaumont was passed over the president's veto by a vote of 144 to 68. Incidental to the discussion Mr. Cooper (Tex.) declared that the president vetoed the bill through a misapprehension and that he had vainly tried to get an audience with Mr. Cleveland to explain the measure. Mr. Grosvenor (O.) spoke sarcastically of the president's custom of refusing to see congressmen unless his private secretary approved of their errands. After the night pension session the house adjourned until Monday.

Denied by Senator Sherman. WASHINGTON, Jan. 23.—Mr. Turpie caused a flurry in the senate by criticizing the reported agreement between Mr. Olney and Mr. Sherman by which no action was to be taken as to Cuba before March 4. Mr. Sherman emphatically denied that any such agreement had been made, and added that he had had a word with Mr. Olney in that direction. Mr. Turpie gave notice of a speech on the Cameron resolution on Monday.

Condition of the Treasury. WASHINGTON, Jan. 23.—The statement of the condition of the treasury shows available cash balance, \$225,631,824; gold reserve, \$148,182,755.

BLOW FROM NICARAGUA.

The Minister of the New Central American Republic Protests Against the Execution of the Project—It Means the Death of the Present Bill.

WASHINGTON, Jan. 23.—A sensation has developed in the senate in connection with the Nicaragua canal bill.

It came with the presentation by Mr. Sherman of a letter from Minister Rodriguez, the representative of the Greater Republic of Central America (including Nicaragua), in effect protesting against the execution of the Nicaragua canal project by the United States under the concession granted in 1887 to the Nicaragua Canal company. As the bill for this purpose was about to be voted on by the senate, the appearance of the letter created consternation among its friends.

Mr. Morgan, its chief supporter, at once declared that the letter was inspired by Great Britain, who sought to drive the United States from the isthmus by using the Central Americas as a catspaw. He asserted that Minister Rodriguez had come here to execute such a plan and that it was an open threat against American control of the canal. The debate was very earnest, and the letter made a profound impression on the senators. Senator Vilas declared that it struck a death blow to the canal project proposed by the pending bill.

LIKE ARBITRATION TREATY.

The Next Premier Sherman and Others Debate It in the Senate.

WASHINGTON, Jan. 23.—The senate during its session yesterday unexpectedly found itself discussing the new Anglo-American treaty. While the treaty itself has been released, all discussion of it is restricted to executive sessions.

Notwithstanding this rule the expressions were free and full from Messrs. Sherman, Gray, Cullom, Lodge, Hoar and others. The statements of these senators were uniformly favorable to the high principle of the treaty, the only qualification being that it should receive mature and dispassionate consideration.

The fact that Mr. Sherman is to be the next secretary of state added importance to his declaration in favor of the treaty.

To Advocate Arbitration Treaty.

WASHINGTON, Jan. 23.—A public meeting will be held here next Tuesday afternoon, at which a number of prominent men will speak in advocacy of the arbitration treaty. Those who have called the meeting include ex-Secretary of State John W. Foster, Chief Justice Fuller, Hon. Gardner G. Hubbard, Mr. John May and Bishops Hurst and Satterlee.

Francis Gone to St. Louis.

WASHINGTON, Jan. 23.—Secretary Francis has left for St. Louis, being called away by the illness of his mother.

DOGGED BY SPAIN.

Rev. Dr. Conwell Says He Is Pursued by a Spanish Emissary.

ATLANTA, Jan. 23.—Dr. Russell H. Conwell, a distinguished Philadelphia divine, who is now on a lecture tour through the south, declares that he is being dogged on his travels by an emissary of the Spanish government. Dr. Conwell left Philadelphia several days ago with the intention of visiting Cuba, after completing his tour. Just before his departure he was called upon by a stranger, whose actions excited his suspicions.

The man asked Dr. Conwell to carry letters and dispatches to various Cuban generals. By his conversation and manner the doctor became convinced that he was an emissary of Spain. Since leaving Philadelphia they met in Washington, Charleston and Augusta.

A theater goer complains of the doors at the entrance of the opera house. He thinks they should not be made to swing, since one hit him in the face the other evening.

Mayor Gilbert would like the telephone company to provide him a long distance instrument. He experiences much difficulty in talking to neighboring towns, and thinks his woes would be lessened if he had a new phone.

The street force yesterday nailed cleats on the board walk on Woodlawn avenue, and the residents can now go down the hill in safety. The walk on Jethro street was also repaired, and today a gutter on Peake's Point is being cleaned out to keep the water from running into cellars.

MERCER IN NEW YORK

What Base Ball Authorities Say of the Move.

TO BE TRADED FOR RUSIE

The Senator Has No Objection, and Others Think It Would Be All Right—Gotham Cranks Think the Pitcher Would Do Them Good.

Sporting Life, in speaking of the proposed trade of Mercer for Rusie, says: "Friends of Rusie who are in the big twirler's confidence insist that a deal has been made, practically, whereby he is to be exchanged for Pitcher Mercer, of Washington. Rusie himself is said to believe in this deal, and to be pleased with it. According to New York advices, however, Rusie has been offered a New York contract."

The New York correspondent to the same paper says: "It is said that Bill Joyce considers Win Mercer good enough to take in return for Rusie. Such a deal would be hailed with delight, and the Wagners would not be gold-bricked by any means. The addition of the handsome young cranks would make our dyed-in-the-wool cranks talk pennant without reserve."

The Cleveland man, in speaking of the deal, says: "Mercer, under Joyce's management, would be a winner sure enough. He is as good as the best of 'em now, and, with the life and ginger sure to be infused into the Giants, he ought to make the season of '97 a record breaker."

Winnie Mercer told the News Review that the deal would suit him. It is a good place to play ball, and the management pays good salaries.

THE BEST COMPANY.

Faust Was Never So Well Played In East Liverpool.

"Faust" is the attraction at the Grand next Tuesday evening, and Manager Morris has been informed that it will be played by the best company Morrison ever sent to the city. The scenery is new and elegant, and it will be given upon a scale of grandeur never before witnessed here. One of the features of the production will be the choir of the Nuremberg cathedral. The Brocken scene in the fourth act is a marvel of stage craft. "Faust" is always popular in this place, and the company will be greeted by a large audience.

Without a Coat.

A tramp attracted some attention in the upper part of the city this morning by walking through the streets without a coat. He was shivering with cold when taken in by a charitable resident who provided him with the necessary clothing. He said his coat had been stolen by another tramp.

WELLSVILLE.

ANOTHER TRAIN JUMPER.

Detective Moore Got Him Beyond the State Line.

The Pennsylvania company continue to make war on all who ride without paying. The organized police is a very effective system, and people caught on freight trains are promptly arrested and locked up. If they happen to have money they are fined, and if not they are locked up for a time and then allowed to go. Detective Moore arrested one W. C. Todd, of the Cervis church district of Pennsylvania, just across the state line, yesterday afternoon. The man was stealing a ride on freight No. 93. He was brought to Wellsville and locked up. Mayor Jones gave him a hearing last evening, and told him his ride would cost \$5.

TROUBLE IS BREWING

For the Crowd Who Gamble on the Green.

The police are carefully watching what is believed to be a poker joint on upper Main street, with the hope, no doubt, of raiding the place as soon as opportunity affords. From what the News Review can gather the game is carried on in the rear of one of the most prominent places in town. It is said that everything looks well on the outside, but on the other side of the partition the sport is carried on night after night.

The News of Wellsville.

Mrs. Puffenbaugh, of Tenth street, is dangerously ill.

Si Shaw, of the West End, returned from Norristown, yesterday.

Mrs. Hamilton, who resides on upper Main street, is visiting her daughter, near Lisbon.

The Asbury Brotherhood will meet at the M. E. church tomorrow afternoon at 2:30 o'clock. The Brotherhood now has a membership of 205, and its popularity increases every day.

On account of the inclemency of the weather the meetings at the various churches were not well attended last evening. Tomorrow there will be services in all the churches.

L. M. Marstell an employee at the Cleveland and Pittsburg shops, was hurt by a falling pile of lumber, yesterday afternoon. A badly sprained ankle and numerous bruises were the result. He was barely able to walk home.

There is more talk of the Steubenville street car line being extended to Wellsville, but nothing definite is given out. If this continues without some grain of fact to back it, this part of the county will soon be observing it as they do the numberless lines built on paper to Lisbon and Salem.

Some of our enterprising people are wondering why an effort is not made on the part of Wellsville to get one or more of the manufacturing concerns wanting to locate in the valley. They argue that Wellsville can offer as good inducements as any, and a bonus could be raised without much trouble.

Much interest is being manifested in the outcome of the action of D. Mannist against the election board who refused to allow him to vote. Particularly is this true of the West End. The election board consisted of Messrs. Grafton, Kerr, Vandye and McCalum. D. Mannist is quite a prominent citizen, and his charge against the board carries full weight with it. The jury found a true bill against the board, and the outcome of the trial will be watched with keen interest. Franchises cannot be trifled with, when the voter claims his rights.

S. F. Fritz, of 677 Sedgwick street, Chicago, says: "I had a severe cough which settled on my lungs. I tried a number of advertised remedies and also placed myself under treatment of several physicians, with no benefit. I was recommended to try Foley's Honey and Tar. With little expectation of getting relief, I purchased a bottle. I had taken but few doses when I felt greatly improved; I was enabled to sleep, spitting of blood ceased, and by the time I had taken the second bottle I was entirely well. It saved my life."

THE JUDGE SUSTAINED

The Exceptions to Frederick Wilson's Account

IN THE LANDIS ASSIGNMENT

Two Bills Paid and the Unsecured Creditors Will Get a Dividend of Twenty-Seven Per Cent After Jan. 30—Commissioner Bye Filed a Suit.

Lisbon, Jan. 25.—[Special.]—Judge Young has sustained the exceptions to the final account filed by Frederick Wilson, assignee of M. E. and C. S. Landis, of East Liverpool, and finds a balance in his hands of \$791.69, out of which claims presented by Logan, Gregg & Co. and A. H. Clark have been ordered paid. After Jan. 30 a dividend of 27 per cent will be paid on all unsecured claims. The exceptions were taken on the grounds that the payment of \$170 by the assignee for legal services were not expended in good faith and in the interests of the creditors.

Hannah Mayer has been appointed guardian of William Mayer, child of William J. Mayer, of East Liverpool. The bond is \$300.

Commissioner Bye filed suit today against John O'Mara, of this place, asking the court to set aside a contract made last November, and to issue a temporary restraining order. It was done this morning through Judge Young. The contract was a verbal one, and provided that O'Mara was to clear a ravine on the Bye farm of all timber and brush, the valuable timber to compensate him for his services. The commissioner finds that O'Mara is removing only the valuable timber and leaving the brush. As he is financially irresponsible, Bye wants the contract annulled.

A marriage license was today issued to Ural Gray and May Bell, of East Liverpool.

REMOVED A TUMOR.

Mrs. Adam Cavellins Is Now Improving.

Thursday afternoon Dr. James Taylor, assisted by Dr. W. T. Norris and Dr. F. M. Laughlin, successfully removed a large tumor from the breast of Mrs. Adam Cavellins, of Jethro street. The operation was a clever bit of surgery, and the patient, who is 50 years of age, is recovering nicely. The tumor formed about six months ago, and caused Mrs. Cavellins intense suffering. Her husband is an employee of the Thompson pottery.

ONE NEW CASE.

It Was Reported to the Health Department Last Night.

The home of Mrs. Daily, of Sixth street, was fumigated this morning, and that of J. J. Purinton this afternoon.

She Knew Better.

It Was Cold.

The mercury registered 15 degrees above zero at 7 o'clock this morning.

A brilliant complexion is a beauty in itself. It pleases the eyes of thoughtful people and the minds of thinking people. They know that a really good complexion is a sign of health, and created by Nature. There are different ways of imitating a fine complexion: cosmetics, which deceive the body, but ruin the skin and make the user look silly and prematurely old; stimulants which only give a temporary flush; dangerous drugs which drive pimples and disorders out of the face back into the blood. All these "counterfeit" complexions are unsafe and easily detected. But the genuine, safe and easily detected color and unmistakable health can only be obtained by clearing all bilious matters and humors out of the blood.

The first step towards creating a good complexion by Nature's own method is to get the blood clear, and the circulation free and active. There is no complexion so pale, low, muddy or pimply but it will be cleared and brightened by Dr. Pierce's Golden Medical Discovery. It is the best natural medicine on earth. It sends the blood to the face and back into the cheeks by thoroughly clearing all bilious and eruptive humors out of the blood. It strengthens the digestion and regulates the bowels in a mild, natural way. It gives brighter color to the blood, and not only beautifies the complexion but makes the eyes brighter and the breath sweeter.

If the bowels be very much constipated, it will be advisable to take small doses of Dr. Pierce's Pleasant Pellets, conjointly with the use of the "Golden Medical Discovery." One or two each day—just sufficient to get their laxative and alterative, or blood cleansing, effect will be sufficient.

THE GLAD HAND.

East Liverpool Extends a Hearty Welcome—Our Citizens Show Appreciation in Public Utterances.

Lack of appreciation is not a failing of our citizens, and the advent of the "little conqueror" was received with the same display of enthusiasm that has spread all over the Union. Coming like a ray of sunshine to every household, raising burials from many backs have borne for years, is enough to awaken the public to praise the like of which has never before been heard in this locality.

From every ward, from every street come the same report. Failure is an unknown quantity as far as the "little conqueror" is concerned, and success follows every footstep. Right here at home the triumphs have been many and have set our people talking about the wondrous workings. The following case in point should interest every reader, and it is only one among thousands:

Mr. W. E. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I have had serious kidney and bladder trouble. I have suffered with all the various symptoms in their worst form. The agony I have gone through can hardly be described. Many nights I have rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain and I was also troubled with a urinary difficulty, the secretions being very irregular and at times distressing. I have been run down that I could hardly help myself. Doctors have treated me and I have taken a power of stuff. I had given up all hope of being cured, having suffered so long and not finding anything that would give me relief more than a few days. When I saw Doan's Kidney Pills advertised as a never failing remedy, I got a box at the W. and W. Pharmacy. After taking half of it I could see some improvement. I continued to improve from that time on. Doan's Kidney Pills have done me more good than anything I have taken and I am quite free in expressing my opinion of them by saying that they are a good remedy for all kidney and bladder trouble."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

BUSINESS IS BETTER.

But Dun's Review Says Prices Remain the Same.

BUYING IN WOOL CONTINUES.

However, the Woolen Industry Is Slow. Sluggish Operation Retards the Iron Business—Coke Production Increases. Decline in Wheat—The Failures.

New York, Jan. 23.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: There is more business, though not at better prices. It is interesting that almost all prices which change at all are lower than a week ago and yet business is unquestionably larger. There is larger production, but as yet not as much increase in consumption and there is larger buying of materials, but at present only because better prices are expected in the future. A few conspicuous failures during the week have had no material influence. The market for securities is slightly stronger and yet there is very little doing. The number of hands employed, all industries considered, is slightly larger than a week ago, without adverse change in the rate of wages. All apprehension of foreign disturbance of money markets has passed away, but there is still great caution in making loans. It is a mistake to reckon these as symptoms of depression. On the contrary, in spite of the lower range of prices in important industries, the conditions in commerce indicate larger production and a consumption increasing, not as yet largely, but steadily.

Wheat, corn and cotton exports are the key of the financial situation and during the past week wheat has declined 3/4 cents and corn 1/2 cents while cotton is unchanged. The western receipts of wheat are still small, 681,000 bushels less than a year ago, and for three weeks of January 4,519,719 bushels, against 7,967,700 last year, but the Atlantic exports, four included, were 1,544,715 bushels for the week against 2,306,457 bushels last year, and in three weeks of January have been 5,019,032 bushels, against 6,849,648 bushels last year. The price has declined for corn also, although everybody knows that the heavy exports mean relatively more than the exports of wheat.

The woolen industry is as slow as ever, and no real improvement appears in the demand for goods, although, owing to the lateness of the season, there is a little more doing, both in spring and in winter goods without quotable change in prices. The heavy buying of wool, mentioned last week, has continued, with smaller concerns participating, and is understood to be in anticipation of expected duties, the sales at Boston alone having amounted to 11,568,000 pounds. Quotations have not changed as yet, although western holders are quite stiff. The iron industry is engaged in settling relative prices, and the slow operation retards business in many branches since the future of prices is uncertain. Bessemer pig is a trifle lower at \$10.40 at Pittsburg and Grey forge \$9.40, although no further decline has occurred in eastern markets or at Chicago. But the competition of new concerns, tempted to manufacture nails by the high prices recently maintained by the coke, which steadily increases, 9,817 ovens being in blast against 13,173 idle, and the week's output of 100,886 tons is over double the output of Oct. 1. Failures for the week have been 409 in the United States against 373 last year, and 65 in Canada against 61 last year. The aggregate of gross earnings of all railroads in the United States reporting for the first half of January is \$7,737,724, a decline of 100 per cent over the same period of last year, and of 10.1 per cent compared with the corresponding period of 1893. The southern roads report a gain over both years.
